PERFECT FITMENT I WIDE PRODUCT RANGE I FAST DELIVERY I QUALITY & EXCELLENCE I NO NONSENSE WARRANTY

CONTENTS

MANUFACTURER LISTING
An A-Z listing, by country, of the aftermarket parts and accessory manufacturers whose contact details appear in the full Industry Listing

SECTION 1
PAGES 7-13

DISTRIBUTOR LISTING
An A-Z listing, by country, of the aftermarket parts and accessory distributors whose contact details appear in the full Industry Listing

SECTION 2
PAGES 15-17

BUILDER BOOK LISTING
Based on updated data originally compiled for AMD's Builder Book, this is an international A-Z listing of custom bike builders whose contact details appear in the full Industry Listing.

SECTION 3
PAGES 19-25

FULL INDUSTRY LISTING
The 'main listing' of aftermarket parts designers, distributors, manufacturers, service providers, brand name owners and custom bike builders - with all known contact details and any optional additional information provided by the company

SECTION 4
PAGES 29-176

PRODUCT GROUP LISTING
A product group/sub group cross-reference of product lines from as many as possible of the manufacturers, distributors and brands who are included in the full Industry Listing

SECTION 5
PAGES 179-225

ADVERTISING LISTING
Our thanks to those vendors whose business makes our publications possible and whose presence in AMD's Aftermarket Directory is the clearest proof possible that they are keen to do business with you!

PAGE 226

WRENCH SEASON

Have Some Fun In The Garage This Winter

Now that riding season is over, it's time to make that bike your own. You'll find everything you'll need at Mid-USA Motorcyle Parts.

Whether you want to create a custom look, or turn that mild-mannered stock ride into a fire breathing beast, Mid-USA has what you need. With over 10,000 parts, you're sure to find just the right one.

Keep yourself busy this winter, and have some fun in the garage.

MID-USA® Motorcycle Parts St Louis, MO

Call 1-800-527-0501 in the U.S. or 1-800-893-9261 in Canada to order a 2015 catalog or to find out how to become a Mid-USA Dealer.

www.mid-usa.com

SECTION 1

MANUFACTURER LISTING
PAGES 7-13

This section is a country-by-country A-Z listing of the aftermarket parts manufacturers whose contact details appear in the Full Industry Listing, Section 4.

That is where you will find their addresses, telephone numbers, internet addresses, email addresses and any optional extra information the company has asked to see included.

BRAND NAMES - in some cases we list brand names here, if that is how the business is best known. Throughout the Full Industry Listing, you will find brand name/brand owner cross-references.

Whilst every care has been taken in compiling this information, there may well be some errors and omissions, for which we apologize.

We thank the manufacturers, distributors and custom bike Builders who have helped to compile this cross-reference, but not all firms contacted responded with the required information, and there are often interpretative decisions to be made that can make allocation of firms to the appropriate sections difficult.

If you see sections where you would like to see your company listed, or have a new listing that you would like included, send an email with details as appropriate to sara@dealer-world.com

START WITH THE BEST, BUILD THE BEST...

HHI HAWG HALTERS, INC.

Big Wheel Baggers - Rake It Right!

Neck Rake Builder Kits

HHI offers the widest selection of 41mm & 49mm neck kits and raked triple trees for all wheel sizes resulting in the correct steering TRAIL dimensions.

New! 49mm Neck Rake Kit

HHI's 49mm Neck Rake Kit features a 7º neck piece with a 9º Triple Tree. Specifically designed for the 2014 49mm front end, this kit comes complete with correct tube extensions to allow stock tubes to be used with a 26" wheel. Now taking orders for the 30" & 32" 49mm Neck Rake Kits

X23 Bolt-On Triple Tree

If you want a quick and easy, cost effective method of safely installing a 23" wheel this is the solution.

1987 - 2013

2014-Up

HHI now offers a BOLT-ON Triple Tree kit for a 23" wheel installation on FL touring model bikes. The design geometry of this triple tree results in a trail measurement similar to stock factory HD® specifications.

Complete Front Ends

- Raked Trees for Custom Builds with 23", 26" & 30" Wheels
- X23 Triple Tree
- Stock, Air, or Performance Hydaulic Shocks
- 41mm Billet Lower Legs - Torpedo or Bomber styles
- Single or Dual Caliper Mounts
- Hidden Axle
- Adj Fender Mounts
- Chrome or Black

Proudly Made In The USA!

SECTION 2

DISTRIBUTOR LISTING

PAGES 15-17

This section is a country-by-country A-Z listing of the aftermarket parts distributors whose contact details appear in the Full Industry Listing.

That is where you will find their addresses, telephone numbers, internet addresses, email addresses and any optional extra information the company has asked to see included.

BRAND NAMES - in some cases we list brand names here, if that is how the business is best known. Throughout the Full Industry Listing, you will find brand name/brand owner cross-references.

Whilst every care has been taken in compiling this information, there may well be some errors and omissions, for which we apologize.

We thank the manufacturers, distributors and Custom bike Builders who have helped to compile this cross-reference, but not all firms contacted responded with the required information, and there are often interpretative decisions to be made that can make allocation of firms to the appropriate sections difficult.

If you see sections where you would like to see your company listed, or have a new listing that you would like included, send an email with details as appropriate to sara@dealer-world.com

REBUFFINI
since 1987
DESIGN & QUALITY PARTS FOR HARLEY-DAVIDSON™
SR 45
Exclusive Collection
THE INNOVATIVE SEMIRADIAL CONTROL LEVER FOR YOUR HARLEY - DAVIDSON™!
Innovation, Technology and Performance.
From a top quality solid block of aluminium, Rebuffini created this innovative semi-radial master cylinder ever seen.
After a long structural design and a refined aesthetic study comes a brake master cylinder which offers all the functionality of a OEM master cylinder but with higher performance.
mirror mounting removable
built-in oil tank
ergonomic and adjustable five-position lever
micro brake light switch
window oil level
regolator lever in different color
customizable lever
switch housing three bottons
Design and Made in Italy
Rebuffini® Cycles hasn't any connection with the Harley Davidson® trade mark and/or with their dealers.
All items with trade marks, names or identification trade marks for motorcycles are only used as reference for the use of particular accessories of our production.

Based on the data originally built for the acclaimed AMD 'Builder Book' this updated listing will now appear as a special section of the International Aftermarket Directory.

The full details for these businesses appear in the Full Industry Listing (Section 4).

SECTION 3

BUILDER BOOK LISTING

PAGES 19-25

Whilst every care has been taken in compiling this information, there may well be some errors and omissions, for which we apologize.

We thank the manufacturers and distributors concerned for their help in compiling this cross-reference, but not all firms contacted responded with the required information, and there are often interpretative decisions made that can make allocation of firms to the appropriate sections difficult.

If you see sections where you would like to see your company listed, or have a new listing that you would like included, send an email with details as appropriate to sara@dealer-world.com

TRAMP REPLICA This is a faithful replica of S&S Founder George J. Smith's drag bike. Tramp consistently turned 125 mph quarter mile speeds, and won the Midwest National Drag Championship in 1952. This bike was later reconfigured as a Bonneville racer, setting a record of 152.02 mph in 1954 with a 92 cubic inch engine.

VIOLA V-TWIN®
QUALITY SERVICE PARTS
Endorsed by S&S

The Tramp Replica was built using the same quality service parts offered through Viola V-Twin®. From vintage to late model, we have the quality service parts required to maintain your customer's motorcycle. Think of Viola V-Twin as your trusted business partner, here to save you time and money, making it easier to source the service parts you use every day.

SSCYCLE.COM

This is the 'main listing' of the AMD Directory, the A-Z international guide to aftermarket parts distributors, manufacturers, selected service providers and custom bike builders. Their name, address, telephone number, Internet/E-mail addresses and other details are provided where known, along with any optional additional information the company has asked to have included.

SECTION 4

FULL INDUSTRY LISTING

PAGES 29-181

This 'main listing' of the 7th edition of the AMD International Aftermarket Directory has involved more than two years of intensive update work and preparation.

Inevitably it will still be incomplete. Even while at press we identified additional firms who could have been included and others whose details had changed.

However, as a first for motorcycle industry Directories of any kind, we will be able to update the platform-optimized digital edition and searchable download PDF regularly after publication, so if you find any incorrect information, or know of other businesses, perhaps your own, that could be updated for our next edition, then we would be happy to hear from you.

A new feature for this 7th edition is searchability - available for download to your own computer, standard PDF tools allow you to keyword-search the Directory digitally at http://www.dealer-world.com/page.php?p=amddirectory

Also new for this edition is the inclusion of the data from the acclaimed AMD 'Builder Book'. This data has also been massively updated and refined in presentation to follow the same ease of use that had immediately made the AMD Directory a benchmark for motorcycle industry reference resources as soon as it was first published in the 1990s.

For changes or additions. just send us an email with details as appropriate (to sara@dealer-world.com), and we will immediately take the necessary steps to update our Industry Index database and ensure the changes are included in the next update.

We hope that you will find the Directory useful and we welcome all comments and feedback.

THE NEXT **GENERATION**
LITHIUM-ION BATTERIES

ANTIGRAVITY BATTERIES is the leader in Hi-Performance Lithium-Ion Products for your Motorcycle, Powersports Vehicles, or Race Cars. We offer the most innovative product line featuring our ultra lightweight starter batteries and our Award Winning MICRO-START....the Worlds Smallest Jump-Starter that is so versatile it can start V8 trucks AND Charge your Electronics...yet is so small it fits in your Pocket!

STARTER BATTERIES — SMALL CASE AND OEM SIZES AVAILABLE

We offer OEM and our extremely compact Small Case batteries to fit any need from Stock to World Class Race Bikes. Experience 80% less weight than Lead/Acid Batteries and better starting!

- **SMALL CASE:** 4 models
- **OEM EXACT FIT:** 10 models
- **EXTREME POWER:** 2 models
- **6-VOLT & 16-VOLT:** 1 model each

THE MICRO-START — AMAZING JUMP STARTER AND POWER SUPPLY

Our amazing MICRO-START is available from sizes as small as a cell phone to ones that starts Diesel Motors yet will still fit in your pocket! Each model can Jump-Start vehicles, charge Electronics, and has a flashlight too... Perfect for everyone!

- **XP-1:** Start up to V8. USB, 12V, 19V ports.
- **XP-3:** Start up to V8. USB charging port.
- **XP-5:** Starts V6. USB port. Weighs 6 oz!
- **XP-10:** Starts Diesels! USB, 12V, 19V ports.
- Includes Carry Case and all items needed

All items needed to Jump Start and Charge Electronics included!

NEW! THE THUMP-BOX — TURNS ANY SURFACE INTO A SPEAKER!

The new THUMP-BOX has Patented Sound-Wave Technology. It transmits micro-vibrations directly into the furniture or surface your THUMP-BOX is placed on and the sound comes directly from the surface you place the THUMP-BOX on! Very COOL!

- Connects with any Bluetooth device, or directly to your device.
- LED touch pad controls and Built-in Mic so you can take calls.
- Line-In and Line-Out ports to chain units & play at same time.
- Only 56 x 56 x 75mm (2.25 x 2.25 x 3"). Weighs 400g (14.8 oz).

New KB Forged Piston Designs for a Quieter, More Powerful Ride!

Check out our exciting new forged piston designs that generate maximum power. Featuring longer skirts for increased stability, and offset wrist pins, these new pistons deliver a much quieter engine. Most have coated skirts for superior heat and friction control. KB Harley Forged designs utilize 4032 alloy - preferred for high performance - high compression applications. Our low expansion alloys provide a tighter piston to wall clearance - add it all up, and you're getting maximum power for your Harley...from KB!

KB Performance Motorcycle Pistons

Still the Best

The Mikuni HSR is your first step for any performance upgrade

Bolt on a 25% Power and Torque Increase!*

Got an American V-twin that needs more punch? Or a really hot performance modified big inch motor and want to feed it right? Mikuni HSR42, 45, 48mm Series Carburetors offer the single biggest performance gain for the money. In fact, installing an HSR is the first step to support a wide range of performance upgrades on any highly modified engine.

*Mikuni's HSR42 Easy Kit dramatically improves the performance of Harley-Davidson's Twin Cam engine, delivering unmatched throttle response and acceleration. Used with a Screamin' Eagle Air Filter and aftermarket exhaust the HSR42 Easy Kit adds 25% more power to the Harley motor. Horsepower is increased from 57.8 to 72.2 hp, and maximum Torque from 71.4 to 80.7 ft/lbs.

Smoothbore, flatslide roller bearing and accelerator pump technology delivers peak performance from easy starting and idle to wide open throttle. Ready to bolt-on and run right out of the box.

MIKUNI PERFORMANCE CARBURETORS

Mikuni American Corp., Northridge CA 91324 USA • www.MikuniPower.com

Carburetor kits not designated as C.A.R.B. exempt, are not legal for motor vehicles operated on public highways in the state of California or in other states and countries where similar anti-pollution laws may apply.

100% INSPIRATION 100% ZODIAC

www.zodiac.nl

Being a leading distributor of aftermarket parts and accessories for Harley-Davidsons means so much more for us than just moving those parts. That's why we take pride in building our own custom bikes and customizing bikes like this 2007 Harley-Davidson FLSTF Fat Boy. Our customers inspire us every day to develop the best products and accessories.
We believe that our drive will inspire you too.

BE INSPIRED TO INSPIRE!

PARTS USED TO MODIFY THIS 2007 FAT BOY: ACCEL STEALTH SUPER COILS | ARLEN NESS BEVELED COVERS AND CAPS | BARNETT BLACK STEALTH CONTROL CABLES | CCCS SIMPLIFIED AIR SUSPENSION CRUISE SPEED SMOOTH FENDERS | DAKOTA DIGITAL INFORMATION CENTER | FEHLING DIRT TRACKER HANDLEBAR | FREEDOM PERFORMANCE AMERICAN OUTLAW EXHAUST | GOODRIDGE EBONY BRAKE LINES HARRISON BILLET SLIMLINE CALIPERS | KEN'S FACTORY NEO FUSION ENGINE COVERS, SHIFTER ROD AND RISERS | RICKS RODDER WHEELS | ROLAND SANDS DESIGN NOSTALGIA COVERS ROLAND SANDS DESIGN REGULATOR LEVERS | T.P.P. GET THE S&S POWER TUNE ADVANTAGE

POWER TUNE
Performance Systems™

S&S CYCLE IS KNOWN FOR PROVEN PERFORMANCE AND THE POWER TUNE EXHAUST IS NO EXCEPTION

1 Muffler Outer Shell.
Formed from 16 gauge steel. Chrome plated or Black Ceramic coated.

2 Expansion Chamber.
Formed Steel. Increases mid-range torque.

3 Fiberglass Acoustic Packing.
Dampens unwanted high frequency sound and provides a thermal barrier between the exhaust gases and the outer shell of the muffler.

4 Stainless Steel Wool.
Acts as a protective barrier between the hot exhaust gases and the fiberglass acoustic material.

5 Perforated Steel Tube.
High frequency sound passes through and is absorbed by the fiberglass acoustic material.

6 Spiral Louvered Baffle.
Creates the appropriate amount of back pressure in the exhaust system and provides desirable sound characteristics.

7 End Cap.
Machined from 6061 aircraft grade aluminum billet. Chrome plated or coated/contrast machined with black high temperature Xylan that will not fade.

*This product is intended only for closed course competition use and is not legal for sale or use on CA or EPA pollution controlled vehicles.

PROVEN S&S® PERFORMANCE

Proven Performance® Products
FOR AMERICAN V-TWINS

JAMES GASKETS®

FOAMET AND DL STYLE GASKETS

FOR CLUTCH DERBY COVERS, PRIMARY CHAIN AND INSPECTION COVERS, 1965 – PRESENT

Original James DL-Style seals are made using a mild steel core that is fully encapsulated with an oil resistant high-temperature rubber. The stiff metallic core, raised beading and conformable sealing face engineered to both the front and back of the gasket provide exceptional torque retention and sealing across the entire range of aftermarket and factory covers.

Original James Foamet gaskets are also available for outer primary cover, transmission, and engine applications. The cross-linked nitrile synthetic rubber is chemically blown to create a soft, conformable layer that is permanently bonded to the SAE 5052 H38 aluminum core.

When installing Foamet gaskets, the foam will compress expelling the nitrogen gas formed during the creation of the foam structure, providing excellent torque retention sealability.

Original James Foamet gaskets and DL-Style seals require no additional sealants and release cleanly from all mating surfaces, eliminating the need to clean away old gasket material from castings and covers. All our derby cover gaskets eliminate the need for the factory-style O-rings and molded rubber seals.

Premium Quality Gaskets, Seals, & Kits

for All Harley-Davidson® Models 1936 to Present

Founded in 1922 UEM's KB motorcycle piston line-up brings all of the knowledge and experience of legendary engine builder Keith Black to Harley-Davidson and Indian motorcycles in a variety of different engine sizes and compression ratios. KB Performance pistons are offered in Hypereutectic 390 alloy and Forged 4032 low expansion alloy for high performance/compression applications. We offer offset wrist pins for a quiet engine and most have coated skirts.

START WITH THE BEST, BUILD THE BEST...

HHi HAWG HALTERS, INC.

The Next Generation of Big Wheel Brakes Has Arrived!

HHi's 18" 6 Piston Caliper and True Floating Rotor Package

Feature HHI's 18" 6-piston Direct Bolt-on Brake Caliper and True Floating Rotor Kit to finish off your Big Wheel look!

The BFB18 Kit delivers a new 6 piston differential bore caliper for 18" brake rotors that include an upgraded 6-piston configuration with bigger bores and larger brake pads which deliver increased overall braking performance. Available in Polished, Chrome, and Black Anodized finishes.
The BFR18 floating rotor can be ordered to match your Wheels, or an HHI design in matching chrome or contrast cut finish. The BFR18 Floating Rotors feature a Billet Aluminum center section, with a 420 Stainless Steel, Cross Drilled Friction Ring.

Go straight to BFBrakes.com Snap Here!

4 & 6 Piston Brake Calipers and Floating Rotors

- 11.5", 11.8", 13", & 18" Rotors
- Black Anodize or Chrome finish
- 1984-Up HD® fitments

Direct Bolt-On Calipers

- Features the time-tested HHI 4-Piston Differential Bore design in Black or Chrome
- Fits Stock 11.8" Rotors
- For ABS or non-ABS

Proudly Made In The USA!

New KB Forged Piston Designs for a Quieter, More Powerful Ride!

Check out our exciting new forged piston designs that generate maximum power. Featuring longer skirts for increased stability, and offset wrist pins, these new pistons deliver a much quieter engine. Most have coated skirts for superior heat and friction control. KB Harley Forged designs utilize 4032 alloy - preferred for high performance - high compression applications. Our low expansion alloys provide a tighter piston to wall clearance - add it all up, and you're getting maximum power for your Harley...from KB!

WRENCH SEASON

Have Some Fun In The Garage This Winter

Now that riding season is over, it's time to make that bike your own. You'll find everything you'll need at Mid-USA Motorcyle Parts.

Whether you want to create a custom look, or turn that mild-mannered stock ride into a fire breathing beast, Mid-USA has what you need. With over 10,000 parts, you're sure to find just the right one.

Keep yourself busy this winter, and have some fun in the garage.

MID-USA® Motorcycle Parts St Louis, MO

Call 1-800-527-0501 in the U.S. or 1-800-893-9261 in Canada to order a 2015 catalog or to find out how to become a Mid-USA Dealer.

REBUFFINI
since 1987
DESIGN & QUALITY PARTS FOR HARLEY-DAVIDSON™
SR 45
Exclusive Collection
THE INNOVATIVE SEMIRADIAL CONTROL LEVER FOR YOUR HARLEY - DAVIDSON™!
Innovation, Technology and Performance.
From a top quality solid block of aluminium, Rebuffini created this innovative semi-radial master cylinder ever seen.
After a long structural design and a refined aesthetic study comes a brake master cylinder which offers all the functionality of a OEM master cylinder but with higher performance.
mirror mounting removable
built-in oil tank
ergonomic and adjustable five-position lever
micro brake light switch
window oil level
regolator lever in different color
customizable lever
switch housing three bottons
Design and Made in Italy
Rebuffini Cycles - Italy - Casazza - Bergamo - +39 035 811740 - sales@rebuffini.com - www.rebuffini.com
Rebuffini® Cycles hasn't any connection with the Harley Davidson® trade mark and/or with their dealers.
All items with trade marks, names or identification trade marks for motorcycles are only used as reference for the use of particular accessories of our production.

JAMES GASKETS®

FOAMET AND DL STYLE GASKETS

FOR CLUTCH DERBY COVERS, PRIMARY CHAIN AND INSPECTION COVERS, 1965 – PRESENT

Original James DL-Style seals are made using a mild steel core that is fully encapsulated with an oil resistant high-temperature rubber. The stiff metallic core, raised beading and conformable sealing face engineered to both the front and back of the gasket provide exceptional torque retention and sealing across the entire range of aftermarket and factory covers.

Original James Foamet gaskets are also available for outer primary cover, transmission, and engine applications. The cross-linked nitrile synthetic rubber is chemically blown to create a soft, conformable layer that is permanently bonded to the SAE 5052 H38 aluminum core.

When installing Foamet gaskets, the foam will compress expelling the nitrogen gas formed during the creation of the foam structure, providing excellent torque retention sealability.

Original James Foamet gaskets and DL-Style seals require no additional sealants and release cleanly from all mating surfaces, eliminating the need to clean away old gasket material from castings and covers. All our derby cover gaskets eliminate the need for the factory-style O-rings and molded rubber seals.

Premium Quality Gaskets, Seals, & Kits

for All Harley-Davidson® Models 1936 to Present

www.JAMESGASKETS.com

MID-USA Motorcycle Parts
St Louis, MO

For the past 30 years, Mid-USA Motorcycle Parts has been supplying bikers the world over with the highest quality parts and accessories.

Throw a leg over, and join us as we head down the road for our next 30 years.

Just Some of the Quality Brands You'll Find at MID-USA

Call 1-800-527-0501 in the U.S. or 1-800-893-9261 in Canada to order a 2014 catalog or to find out how to become a Mid-USA Dealer.

www.mid-usa.com

A comprehensive product group cross-reference for as many as possible of the firms listed in the 'main listing' section.

SECTION 5

PRODUCT GROUP LISTING

PAGES 179-225

This product cross-reference is not designed as a substitute for distributor or manufacturer catalogs, which without doubt are the best source of product information in the v-twin aftermarket. However, these pages are designed to provide a general guide to major manufacturers' and distributors' specialties, and a specific guide to smaller and specialist suppliers' lines. If nothing else, it will help you to build a list of catalogs you should try to obtain.

Whilst every care has been taken in compiling this information, there may well be some errors and omissions, for which we apologize.

We thank the manufacturers and distributors concerned for their help in compiling this cross-reference, but not all firms contacted responded with the required information, and there are often interpretative decisions made that can make allocation of firms to the appropriate sections difficult.

If you see sections where you would like to see your company listed, or have a new listing that you would like included, send an email with details as appropriate to sara@dealer-world.com
