PERFORMANCE PRODUCTS FOR HARLEY-DAVIDSON

PERFECT FITMENT | WIDE PRODUCT RANGE | FAST DELIVERY | QUALITY & EXCELLENCE | NO NONSENSE WARRANTY

CONTENTS

INTERNATIONAL MANUFACTURER LISTING

An A-Z listing, by country, of the aftermarket parts and accessory manufacturers whose contact details appear in the International Aftermarket Buyer's Guide.

INTERNATIONAL DISTRIBUTOR LISTING

An A-Z listing, by country, of the aftermarket parts and accessory distributors whose contact details appear in the International Aftermarket Buyer's Guide.

INTERNATIONAL AFTERMARKET BUYER'S GUIDE

The 'main listing' of aftermarket parts designers, distributors, manufacturers, service providers, brand name owners and custom bike builders with own brand parts programs. It includes all known contact details and any optional additional information provided by the company or by the AMD editorial team.

INDEX OF ADVERTISERS

Our thanks to those vendors whose business makes our publications possible by advertising with us. Their presence in the AMD Big Book is the clearest proof possible that they are keen and able to do business with you!

CHAMPIONSHIP WEBSITE NOW FULLY UPDATED

The acclaimed AMD World Championship website is a unique and uniquely powerful internationally recognized custom motorcycle design resource. It features full results, photography and tech specs of the nearly 1,000 custom bike builds from around the world that have competed since 2004 - nearly 5,000 photos in total.

2020 ENTRY FORMS AVAILABLE ONLINE

2020

INTERMOT

CUSTOMIZED

7-11 OCTOBER

This section is a country-by-country A-Z listing of the aftermarket parts manufacturers whose contact details appear in the International Aftermarket Buyer's Guide, Section 3.

That is where you will find the addresses, telephone numbers, internet addresses, email addresses and any optional extra information the company has asked to see included.

BRAND NAMES - in some cases we list brand names here, if that is how the business is best known. Throughout the International Aftermarket Buyer's Guide, you will find brand name/brand owner cross-references.

SECTION 1

INTERNATIONAL MANUFACTURER LISTING

PAGES 11-18

Whilst every care has been taken in compiling this information, there may well be some errors and omissions, for which we humbly apologize.

We thank the manufacturers, distributors and custom bike builders who have helped to compile this cross-reference, but not all firms contacted responded with the required information, and there are often interpretative decisions to be made that can make allocation of firms to the appropriate sections difficult.

If you see sections where you would like to see your company listed, or have a new listing that you would like included, send an email with details as appropriate to sara@dealer-world.com

125+ HP // 135+ ft/lbs of torque

Road Hawk™ Wide Tire Kits!

Hawg Halters Inc. is proud to announce the **Road Hawk™ Wide Tire Kit Program** has just added 2 New WTK kits for 2019.

The HHI Road Hawk™ Wide Tire Kit is now available in 21" x 5.5" and 23" x 5.5" widths. These New Wide Tire Kits are available in both early and late model applications to fit most of the V-Twin Touring Bikes. Featuring a Chrome, Black or Phantom Cut HHI/Renegade Wheel, HHI Hidden Axle Kit, US-made Steel Fender, and time-tested X-23™ or X-26™ Bolt on Triple Tree, these kits will deliver a powerful combination of styling and performance!

The HHI Road Hawk™ WTK program now includes 7 Wide Tire Packages:

- 18 x 5.5 HD Touring Bikes (Early & Late Model)
- 18 x 5.5 Indian Touring Bikes (Late Model)
- 21 x 5.5 HD Touring Bikes (Early & Late Model)
- 23 x 5.5 HD Touring Bikes (Early & Late Model)

HHI RENEGADE

Custom Motorcycle Wheels

Hawg Halters continues to refine the HHI Builders Program by now including HHI/Renegade Wheel packages in their growing range of Builder's Kits.

When a dealer orders a Road Hawk™ Wide Tire Kit or any one of our 21, 23, 26, 30 or 32" Builders kits, they will automatically qualify for Special Dealer pricing when they include a wheel order as part of the selling package. HHI is committed to supporting our dealers and helping them to obtain an aggressive position in their marketplace. Call today for more information.

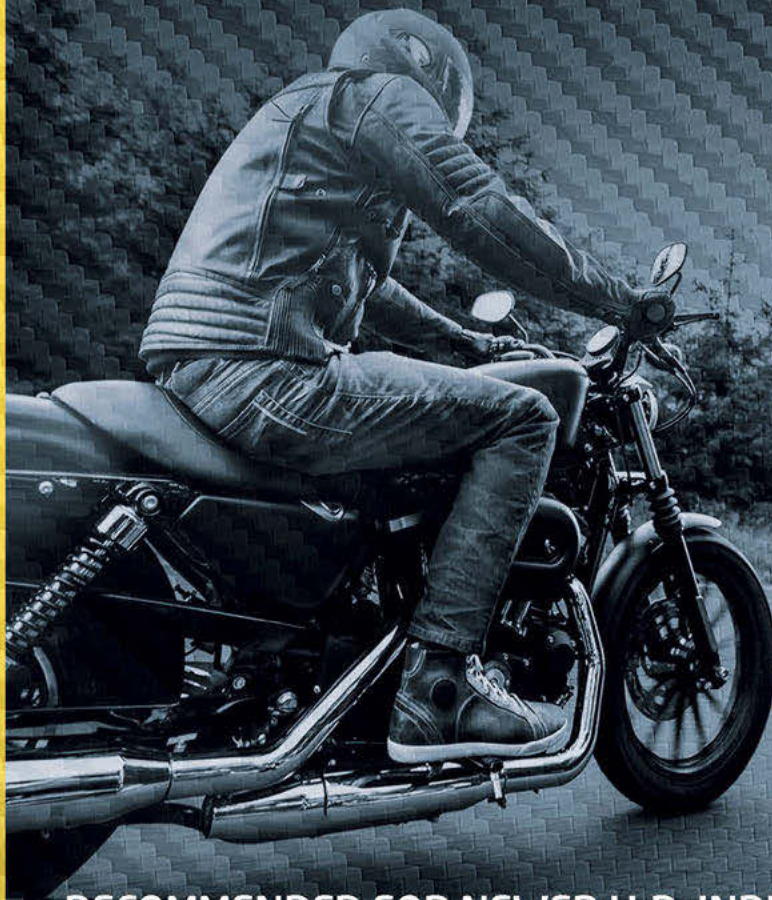

HHI START WITH THE BEST, BUILD THE BEST...

SBS GOES 100% NRS SAFE

There is no room for error in motorcycle braking.

By going 100% NRS Safe SBS is using the absolute best in mechanical attachment enabling its riders to feel confident that they are using the safest performing brakes available.

As the first manufacturer in the motorcycle industry, SBS has succeeded in launching a sinter material for street brake pads using NRS™ technology.

NRS™ adds a consistent matrix of raised steel hooks that facilitate a mechanical bond between disc brake plate and friction materials – a mechanism that never fails.

This section is a country-by-country A-Z listing of the aftermarket parts distributors whose contact details appear in the International Aftermarket Buyer's Guide, Section 3.

That is where you will find the addresses, telephone numbers, internet addresses, email addresses and any optional extra information the company has asked to see included.

BRAND NAMES - in some cases we list brand names here, if that is how the business is best known. Throughout the International Aftermarket Buyer's Guide, you will find brand name/brand owner cross-references.

SECTION 2

INTERNATIONAL DISTRIBUTOR LISTING

PAGE 22-24

Whilst every care has been taken in compiling this information, there may well be some errors and omissions, for which we humbly apologize.

We thank the manufacturers, distributors and custom bike builders who have helped to compile this cross-reference, but not all firms contacted responded with the required information, and there are often interpretative decisions to be made that can make allocation of firms to the appropriate sections difficult.

If you see sections where you would like to see your company listed, or have a new listing that you would like included, send an email with details as appropriate to sara@dealer-world.com

FOR ROAD OR TRACK

We just changed the Automotive Battery forever...

INTELLIGENT LITHIUM-ION

HIGH-POWER

Over 1000 Cranking Amps

PLUG AND PLAY

Direct Lead/Acid Replacement

LIGHT-WEIGHT

35 Lbs. Lighter than Lead/Acid

JUMP-STARTING

Wireless Keyfob Jump-Starting

INSTANTLY LOSE 35 LBS

Just changing the battery! Our new Lithium Batteries are up to 70% lighter than Lead/Acid Batteries. That equates to shorter braking distances, better handling, better acceleration and even better gas mileage.

WIRELESS KEYFOB REMOTE

Use it to actuate our BUILT-IN Jump Starting. You will never be stranded again with a dead battery, nor will need any assistance. Simply press the Keyfob, access the reserve power, start the Car, and drive away!

PLUG and PLAY

Our battery offers an exact replacement fit for your original battery. No special installation, and special trays or modifications. We offer most Standard Sizes to fit any Car.

ON-BOARD PROTECTION

Provides for the complete protection of the battery and offers the best, and safest operation for the longest possible battery life. These protections prevent against overcharge, overdischarge, short-circuit and much more.

TWICE THE LIFE CYCLE

Lithium-Ion offers up to and over twice of the lifecycle of Lead/Acid Batteries. Get over 7+ years of lifespan. With the Antigravity Battery RE-START Battery we offer a 5 Year warranty, with 3-years direct replacement guarantee.

This is the 'main listing' of the AMD Big Book, the A-Z international guide to aftermarket parts distributors, manufacturers, selected service providers and custom bike builders with own brand product programs. Their name, address, telephone number, Internet/E-mail addresses and other details are provided, where known, along with any optional additional information the company has asked to have included, or as prepared by the AMD editorial team.

SECTION 3

INTERNATIONAL AFTERMARKET BUYER'S GUIDE

PAGES 29-132

This 'main listing' of the ninth edition of the AMD Big Book/International Aftermarket Buyer's Guide has involved more than two years of intensive update work and preparation. Inevitably it will still be incomplete. Even while at press we identified additional firms who could have been included and others whose details had changed.

However, as a first for motorcycle industry Buyer's Guides of any kind, we will be able to update the platform-optimized digital edition and searchable download PDF regularly after publication. If you find any incorrect information, or know of other businesses, perhaps your own, that could be updated for our next edition, then we would be happy to hear from you.

Searchability - the AMD Big Book is available for download to your own computer, standard PDF tools allow you to keyword-search the Directory digitally at www.amddir.com

For changes or additions, just send an email with details as appropriate (to sara@dealer-world.com), and we will immediately take the necessary steps to update our Industry Index database and ensure the changes are included in the next update.

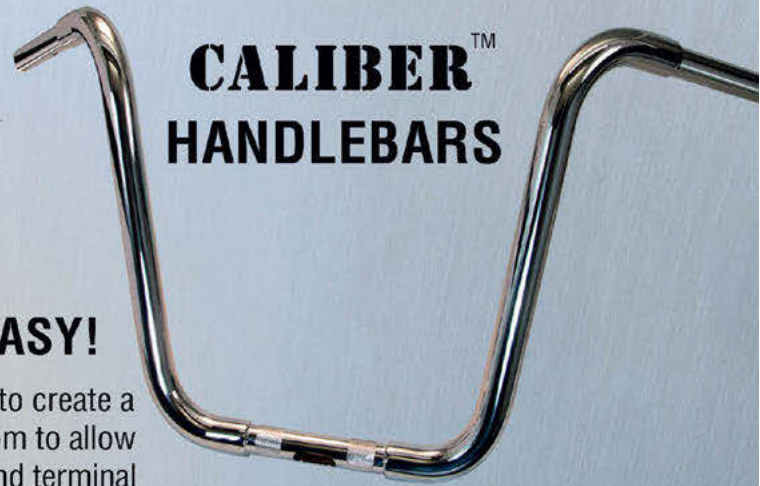

We hope that you will find the AMD Big Book useful and we welcome all comments and feedback.

MAGNUM

VIKING™ HANDLEBARS

CALIBER™ HANDLEBARS

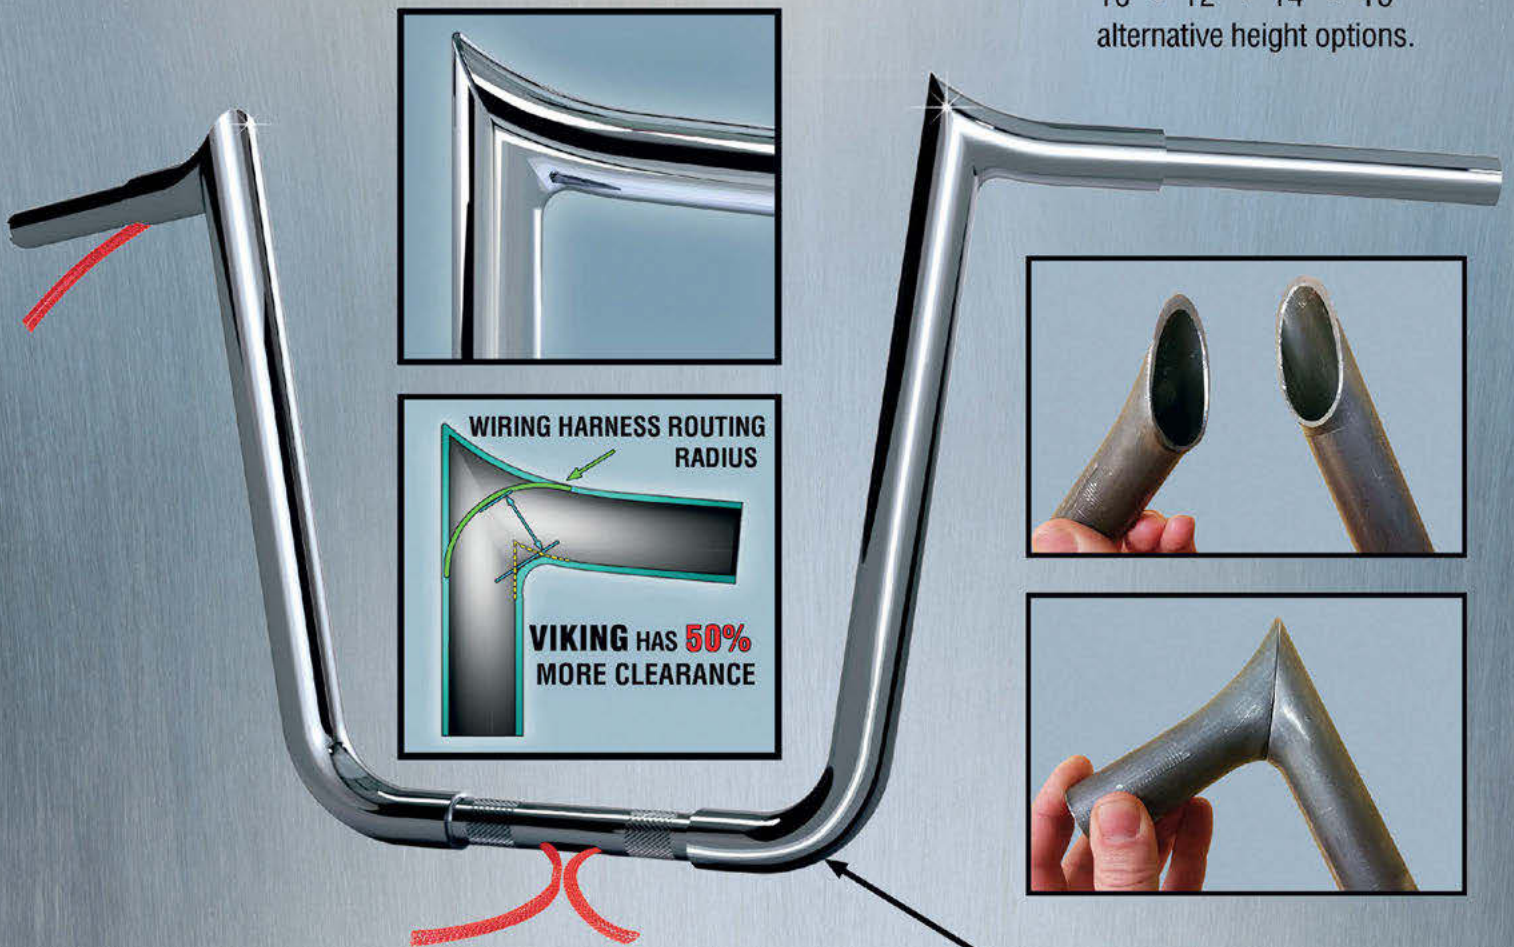

HANDLEBAR WIRING MADE EASY!

Patented design uses a flared burr-free internal radius to create a generous pocket of additional clearance. This makes room to allow complete wiring harnesses with factory vinyl covering and terminal connections w/ heat shrink to easily pass through without chaffing.

All bars come preloaded with E-Z pull-thru plastic sleeving. Just insert the wiring harness and pull through, it's that simple!

Available in 1¼" Bagger & Ape Hanger styles with 10" - 12" - 14" - 16" alternative height options.

All Magnum handlebars are CNC mandrel bent for an accurate fit and incorporate wrist angles designed for riding comfort. Bars have 1" diameter center sections, 3½ inch on-center knurling, and feature machined control mounts, burr free holes for internal wiring, & slots for electronic throttle control.

All TIG welded construction with rosette welds provides strength and fully chamfered internal tubes protect wiring from chaffing.

Available in polished chrome plated or gloss black powdercoat finishes

Patent Pending

 Noted Italian performance filter manufacturer, universally known in motorsport circles simply as 'The Red Filter' (including Formula 1, Le Mans, MotoGP and World Superbike). In 2018 the company entered the high-performance filters aftermarket for Harley models with 99 individually numbered titanium mesh filters with a hand-laminated autoclave cured carbon fiber custom cover and CNC-machined, one-piece machined alloy backing plate. In 2019 it went into volume production with a no-hassle-fit upgrade for the OEM paper air filter element.

**Rake It, Brake It, and
Slam It with HHI!**

**Rake It!
New Softail Triple Trees**

Now available for the New 2018 & up Softail models, Triple Trees for the Fatboy, Slim, Deluxe and Breakout are here and ready to go. The Trees come in 4 degree rake for 21 and 23" wheel upgrades and 6 degree for a 26" wheel upgrade.

As always HHI Triple Trees are available in Show Chrome or Black – Complete & ready to install.

**Slam It!
AirFx New Softail
Shocks and Controllers**

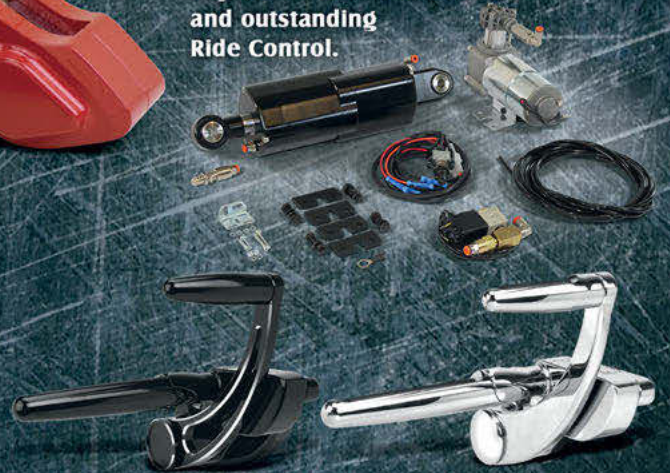

The NEW, Patented AirFx Mono Tube Air Suspension system leads the way with ride, comfort, adjustability and fit. The No Air Bag Designed, Mono Shock features a dual piston design, with a Black Hard Coat Anodized finish, Adjustable Rebound Control and outstanding Ride Control.

**Brake It!
New 4 & 6
Piston Calipers**

HHI's leading family of Differential Bore 4 & 6 Piston calipers just expanded again. We now have calipers for the exciting New Softail range of bikes, the 2006-17 Dyna, 2012-17 Victory Touring Bikes, 2012 & up Indian motorcycles and a new series of Dual Caliper Kits for Touring Bikes optimized for precision braking and balance in dual caliper applications.

As always, the HHI Direct Bolt on Calipers are exquisitely finished in Show Chrome, Black or Blaze Red and come complete with hardware and a pad set ready to go. HHI calipers are inherently strong, rigid and fit popular 11.5, 11.8, 13, & 18" applications.

**New Softail 2018 & Up
Forward Controls**

The 2018 Softail custom Forward Controls from HHI are now available. Delivered in Show Chrome, Black and Shadow Cut with several custom arm choices and peg styles, they come in Standard or Extended length. Build your new Softail right, add the best from HHI!

TYSON XL HANDLEBARS

Kind of a big deal.

Size matters—especially when it comes to Harleys. Tyson XL handlebars combine the class-leading toughness of our 4130 chromoly with oversized tube tapering and butting technologies to create the sleekest, strongest T-bars in the game. Available in three heights and two plated finishes for throttle-by-wire and standard cable H-D control styles. See Tyson XL bars and the rest of our cockpit components at Biltwellinc.com today.

HARDTAIL FRAMES 1936-1957

Classic & Custom Frames · Restoration & Building
Trikes & Projects · Welding, Cutting & Redesign

Flathead '36-'47 // Bullneck '46-'47 // Knucklehead // Panhead '48-'57 // Sportster '80-'03
Trike Frames & Axles • Frame Parts • Oil Tanks • Restoration • Custom Frames

Flathead / Knucklehead

Panhead 1949-51

THE QUALITY OF OUR FRAMES

All our frames have an TÜV approval. They are constructed from seamless thick wall tubing while the castings we use bear the authentic numbering and can be welded without loss of ductility, strength and stiffness.

STANDARD HARDTAIL FRAMES

We supply the standard Harley frames of the eleven different models from 1936 to 1957, Knucklehead and Panhead. You can find them on our website by year of construction.

VG MOTORCYCLE

For more than 30 years VG motorcycle has been producing the highest quality frames for Harley Davidson. VG motorcycle produces Hardtail, Swingarm or Softtail frames for all models from 1936 to 2016.

STANDARD AND CUSTOM FRAMES

Standard frames are easy to order from our website by make. Do you prefer a custom made frame? We can construct frames to suit your every requirement. If you like to keep your old frame, it is also possible for us to restore it for you.

SMOKE THE COMPETITION!TM NOT YOUR CLUTCH!

HIGH PERFORMANCE CLUTCHES FOR AMERICAN V-TWIN MOTORCYCLES

HIGH PERFORMANCE EXTRA PLATE KITS

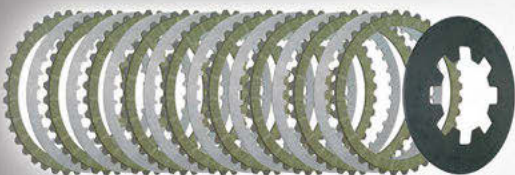

BTX-5

Fits 1941 - 1984 Big Twin. Includes 6 friction plates with 6061 T6 aluminum cores and 5 tempered steel drive plates. Also includes 10 zero crush coil type clutch springs. Stack height is pre-set for easy, accurate installation. Can run wet or dry. 20% more surface area than stock!

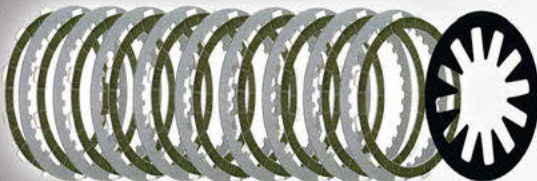

**100%
MANUFACTURED
IN THE USA**

BTX-11

Fits 1990 - 1997 Big Twin and 1991 to present Sportster and Buell through 2002. Includes 9 friction plates on tempered steel cores, starburst groove pattern for maximum heat dissipation and oil circulation, and 8 tempered steel drive plates. Pre-set stack height for easy installation. 15% more clutch area for high performance strokers. Also included is a 15% stronger than stock diaphragm clutch spring. This kit eliminates the double riveted steel plate.

BTX-14

Fits 1998 Big Twin and Twin Cam models through present. Kit includes 10 friction plates on 6061 T6 aluminum cores, 9 tempered steel drive plates and a 10% stronger than stock diaphragm spring. Pre-measured stack height for easy, accurate installation. 11% more surface area than stock.

**EXTRA
PLATE KITS
INCLUDE
SPRINGS**

KITS AVAILABLE FROM 1941 TO PRESENT

Still the Best

The Mikuni HSR is your first step for any performance upgrade

Bolt on a 25% Power and Torque Increase!*

Got an American V-twin that needs more punch? Or a really hot performance modified big inch motor and want to feed it right? Mikuni HSR42, 45, 48mm Series Carburetors offer the single biggest performance gain for the money. In fact, installing an HSR is the first step to support a wide range of performance upgrades on any highly modified engine.

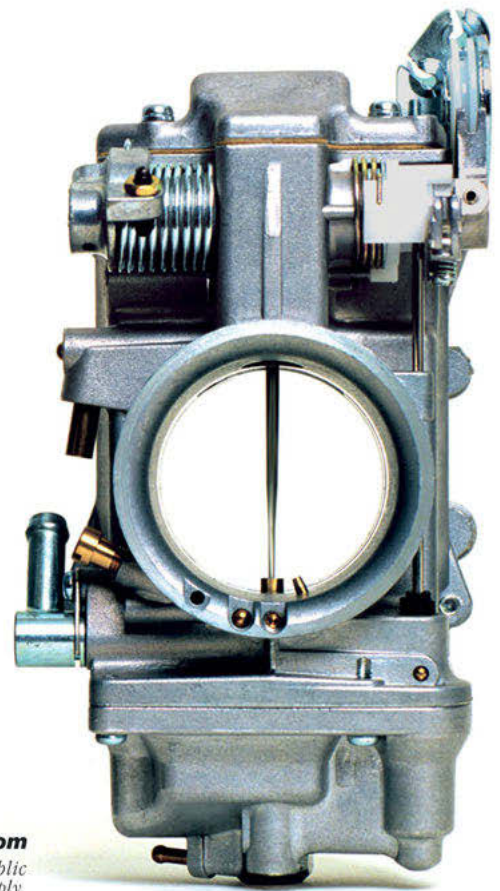

*Mikuni's HSR42 Easy Kit dramatically improves the performance of Harley-Davidson's Twin Cam engine, delivering unmatched throttle response and acceleration. Used with a Screamin' Eagle Air Filter and aftermarket exhaust the HSR42 Easy Kit adds 25% more power to the Harley motor. Horsepower is increased from 57.8 to 72.2 hp, and maximum Torque from 71.4 to 80.7 ft/lbs.

Smoothbore, flatslide roller bearing and accelerator pump technology delivers peak performance from easy starting and idle to wide open throttle. Ready to bolt-on and run right out of the box.

Mikuni American Corp., Northridge CA 91324 USA • www.MikuniPower.com

Carburetor kits not designated as C.A.R.B. exempt, are not legal for motor vehicles operated on public highways in the state of California or in other states and countries where similar anti-pollution laws may apply.

BILTWELL HELMETS

Substance never goes out of style.

Quality, comfort, style. Everyone talks about them.

One brand delivers. Biltwell.

With four models and over 40 colorways available, we have something for everyone. Hand-painted ABS shells and replaceable comfort liners are standard features on every DOT- and ECE-certified helmet we make. Attractive MSRPs, generous margins and renowned customer care are three more reasons to stock the most stylish line in the game.

Roeg[®]
moto co.

PERUNA

FOR NO GOOD REASON

ROEG MOTO CO.

Roeg! An ancient Saxon phrase: before there were even wheels to roll around there was Roeg! The folk back then put giant stones on top of each other and shouted: that's Roeg! And on that howl, erupting from the sky, an eagle landed on the stones and shed 3 feathers. Becoming the symbol of what we started: Roeg! Born from a legendary tale of Saxon folk, doing god knows what for no good reason!

Perf-form
FILTERS®**HIGH PERFORMANCE OIL FILTERS**

PERF-FORM FILTERS has been in the business of manufacturing premium quality motorcycle oil filters since 1981. Our focus is on producing the best motorcycle oil filters in the world. We use premium quality materials. Prime Tin-Plated steel end caps, special high temperature plastisol, Microglass/Synthetic enhanced saturated filter media are some of the features Perf-form Filters offer, features that will prolong engine life and performance. Features you won't find in other motorcycle oil filters on the market.

 Founded in 1960, WPS is one of the
 three major mainstream motorcycle
 and powersports market parts,
 accessory, gear and apparel
 distributors in the United States. The
 company sells over 130,000
 individual product items through its
 head office distribution center at
 Boise, Idaho, and has a regional
 warehouse network with locations in
 Idaho, California, Tennessee,
 Pennsylvania and Indiana. Famous
 name brands include Fly Racing
 (screens, hard parts and apparel)
 and, from the V-twin market's
 perspective, its fast growing
 HardDrive program.

 Europe's oldest V-twin parts and
 accessory distributor and
 manufacturer can trace its origins
 back to the late 1960s. The business
 that became Zodiac International
 was formed in 1984 by legendary
 Ton "The Godfather" Pels. Now
 operated by his son Vincent Pels,
 Zodiac has an international network
 of sales managers across Europe
 and produces its massive 40,000
 parts 'Bikers Book' catalog in five
 languages.

SHOCKER™

AGM BATTERY

DEVELOPED EXPLICITLY FOR V-TWINS

The Shocker is not your standard 'metric' or 'universal' type battery. Each factory-activated and sealed AGM-style Shocker battery boasts extra thick plates for extreme vibration resistance, passes rigorous independent laboratory testing parameters, and is field-tested in real-world conditions. Tested tough for cold cranking power and long life, the Shocker won't let you down.
