CHAMPIONSHIP WEBSITE NOW FULLY UPDATED

The acclaimed AMD World Championship website is a unique and uniquely powerful internationally recognized custom motorcycle design resource. It features full results, photography and tech specs of the nearly 1,000 custom bike builds from around the world that have competed since 2004 - nearly 5,000 photos in total.

2020 ENTRY FORMS AVAILABLE ONLINE

2020

INTERMOT

CUSTOMIZED

7-11 OCTOBER

This is an A-Z international guide to aftermarket custom bike builders. Their name, address, telephone number, Internet/E-mail addresses and other details are provided where known, along with any optional additional information that the editorial team has decided to include.

BUILDER BOOK LISTING PAGES 7-117

AMD 2018 WORLD CHAMPIONSHIP RESULTS PAGES 118-125

This listing' of aftermarket custom bike builders has taken many years to compile.

Inevitably it will still be incomplete. Even while at press we identified additional firms who could have been included and others whose details had changed.

A new feature for this special edition is searchability - available for download to your own computer, standard PDF tools allow you to keyword-search the Directory digitally at www.amddir.com

However, as a first for motorcycle industry Buyer's Guides of any kind, we will be able to update the platform-optimized digital edition and searchable download PDF regularly after publication, so if you find any incorrect information, or know of other businesses, perhaps your own, that could be updated for our next edition, then we would be happy to hear from you.

For changes or additions, just send an email with details as appropriate (to sara@dealer-world.com), and we will immediately take the necessary steps to update our Industry Index database and ensure the changes are included in the next update.

We hope that you will find the Builder Book useful and we welcome all comments and feedback.

MAGNUM

TRUST THE EXPERTS
for **QUALITY, SAFETY, & FITMENT**

MADE IN
USA

DOT BRAKE LINES* AND HANDLEBAR INSTALLATION KITS

DESIGNER SERIES

The Industry's Premier brand for Accurately Fitting

MAGNUM

VIKING™ HANDLEBARS

CALIBER™ HANDLEBARS

HANDLEBAR WIRING MADE EASY!

Patented design uses a flared burr-free internal radius to create a generous pocket of additional clearance. This makes room to allow complete wiring harnesses with factory vinyl covering and terminal connections w/ heat shrink to easily pass through without chaffing.

All bars come preloaded with E-Z pull-thru plastic sleeving. Just insert the wiring harness and pull through, it's that simple!

Available in 1¼" Bagger & Ape Hanger styles with 10" - 12" - 14" - 16" alternative height options.

All Magnum handlebars are CNC mandrel bent for an accurate fit and incorporate wrist angles designed for riding comfort. Bars have 1" diameter center sections, 3½ inch on-center knurling, and feature machined control mounts, burr free holes for internal wiring, & slots for electronic throttle control.

All TIG welded construction with rosette welds provides strength and fully chamfered internal tubes protect wiring from chaffing.

Available in polished chrome plated or gloss black powdercoat finishes

Patent Pending

SENCE 1986 - AFTERMARKET PARTS & ACCESSORIES FOR
MOTORCYCLES

Road Hawk™ Wide Tire Kits!

Hawg Halters Inc. is proud to announce the Road Hawk™ Wide Tire Kit Program has just added 2 New WTK kits for 2019.

The HHI Road Hawk™ Wide Tire Kit is now available in 21" x 5.5" and 23" x 5.5" widths. These New Wide Tire Kits are available in both early and late model applications to fit most of the V-Twin Touring Bikes. Featuring a Chrome, Black or Phantom Cut HHI/Renegade Wheel, HHI Hidden Axle Kit, US-made Steel Fender, and time-tested X-23™ or X-26™ Bolt on Triple Tree, these kits will deliver a powerful combination of styling and performance!

The HHI Road Hawk™ WTK program now includes 7 Wide Tire Packages:

- 18 x 5.5 HD Touring Bikes (Early & Late Model)
- 18 x 5.5 Indian Touring Bikes (Late Model)
- 21 x 5.5 HD Touring Bikes (Early & Late Model)
- 23 x 5.5 HD Touring Bikes (Early & Late Model)

HHI RENEGADE

Custom Motorcycle Wheels

Hawg Halters continues to refine the HHI Builders Program by now including HHI/Renegade Wheel packages in their growing range of Builder's Kits.

When a dealer orders a Road Hawk™ Wide Tire Kit or any one of our 21, 23, 26, 30 or 32" Builders kits, they will automatically qualify for Special Dealer pricing when they include a wheel order as part of the selling package. HHI is committed to supporting our dealers and helping them to obtain an aggressive position in their marketplace. Call today for more information.

START WITH THE BEST, BUILD THE BEST...

TYSON XL HANDLEBARS

Kind of a big deal.

Size matters—especially when it comes to Harleys. Tyson XL handlebars combine the class-leading toughness of our 4130 chromoly with oversized tube tapering and butting technologies to create the sleekest, strongest T-bars in the game. Available in three heights and two plated finishes for throttle-by-wire and standard cable H-D control styles. See Tyson XL bars and the rest of our cockpit components at Biltwellinc.com today.

SEINCE 1986 - AFTERMARKET PARTS & ACCESSORIES FOR
 HARLEY-DAVIDSON MOTORCYCLES

**Rake It, Brake It, and
Slam It with HHI!**

**Rake It!
New Softail Triple Trees**

Now available for the New 2018 & up Softail models, Triple Trees for the Fatboy, Slim, Deluxe and Breakout are here and ready to go. The Trees come in 4 degree rake for 21 and 23" wheel upgrades and 6 degree for a 26" wheel upgrade.

As always HHI Triple Trees are available in Show Chrome or Black – Complete & ready to install.

**Slam It!
AirFx New Softail
Shocks and Controllers**

The NEW, Patented AirFx Mono Tube Air Suspension system leads the way with ride, comfort, adjustability and fit. The No Air Bag Designed, Mono Shock features a dual piston design, with a Black Hard Coat Anodized finish, Adjustable Rebound Control and outstanding Ride Control.

**Brake It!
New 4 & 6
Piston Calipers**

HHI's leading family of Differential Bore 4 & 6 Piston calipers just expanded again. We now have calipers for the exciting New Softail range of bikes, the 2006-17 Dyna, 2012-17 Victory Touring Bikes, 2012 & up Indian motorcycles and a new series of Dual Caliper Kits for Touring Bikes optimized for precision braking and balance in dual caliper applications.

As always, the HHI Direct Bolt on Calipers are exquisitely finished in Show Chrome, Black or Blaze Red and come complete with hardware and a pad set ready to go. HHI calipers are inherently strong, rigid and fit popular 11.5, 11.8, 13, & 18" applications.

**New Softail 2018 & Up
Forward Controls**

The 2018 Softail custom Forward Controls from HHI are now available. Delivered in Show Chrome, Black and Shadow Cut with several custom arm choices and peg styles, they come in Standard or Extended length. Build your new Softail right, add the best from HHI!

FOR ROAD OR TRACK

We just changed the Automotive Battery forever...

INTELLIGENT LITHIUM-ION

HIGH-POWER

Over 1000 Cranking Amps

PLUG AND PLAY

Direct Lead/Acid Replacement

LIGHT-WEIGHT

35 Lbs. Lighter than Lead/Acid

JUMP-STARTING

Wireless Keyfob Jump-Starting

INSTANTLY LOSE 35 LBS
Just changing the battery! Our new Lithium Batteries are up to 70% lighter than Lead/Acid Batteries. That equates to shorter braking distances, better handling, better acceleration and even better gas mileage.

WIRELESS KEYFOB REMOTE
Use it to actuate our BUILT-IN Jump Starting. You will never be stranded again with a dead battery, nor will need any assistance. Simply press the Keyfob, access the reserve power, start the Car, and drive away!

PLUG and PLAY
Our battery offers an exact replacement fit for your original battery. No special installation, and special trays or modifications. We offer most Standard Sizes to fit any Car.

ON-BOARD PROTECTION
Provides for the complete protection of the battery and offers the best, and safest operation for the longest possible battery life. These protections prevent against overcharge, overdischarge, short-circuit and much more.

TWICE THE LIFE CYCLE
Lithium-Ion offers up to and over twice of the lifecycle of Lead/Acid Batteries. Get over 7+ years of lifespan. With the Antigravity Battery RE-START Battery we offer a 5 Year warranty, with 3-years direct replacement guarantee.

Perf-form
FILTERS®

HIGH PERFORMANCE OIL FILTERS

PERF-FORM FILTERS has been in the business of manufacturing premium quality motorcycle oil filters since 1981. Our focus is on producing the best motorcycle oil filters in the world. We use premium quality materials. Prime Tin-Plated steel end caps, special high temperature plastisol, Microglass/Synthetic enhanced saturated filter media are some of the features Perf-form Filters offer, features that will prolong engine life and performance. Features you won't find in other motorcycle oil filters on the market.

BILTWELL HELMETS
Substance never goes out of style.

Quality, comfort, style. Everyone talks about them.

One brand delivers. Biltwell.

With four models and over 40 colorways available, we have something for everyone. Hand-painted ABS shells and replaceable comfort liners are standard features on every DOT- and ECE-certified helmet we make. Attractive MSRPs, generous margins and renowned customer care are three more reasons to stock the most stylish line in the game.

Roeg[®]

moto co.

PERUNA

FOR NO GOOD REASON

ROEG MOTO CO.

Roeg! An ancient Saxon phrase: before there were even wheels to roll around there was Roeg! The folk back then put giant stones on top of each other and shouted: that's Roeg! And on that howl, erupting from the sky, an eagle landed on the stones and shed 3 feathers. Becoming the symbol of what we started: Roeg! Born from a legendary tale of Saxon folk, doing god knows what for no good reason!

HARDTAIL FRAMES 1936-1957

Classic & Custom Frames · Restoration & Building
Trikes & Projects · Welding, Cutting & Redesign

Flathead '36-'47 // Bullneck '46-'47 // Knucklehead // Panhead '48-'57 // Sportster '80-'03
Trike Frames & Axles • Frame Parts • Oil Tanks • Restoration • Custom Frames

Flathead / Knucklehead

Panhead 1949-51

THE QUALITY OF OUR FRAMES

All our frames have an TÜV approval. They are constructed from seamless thick wall tubing while the castings we use bear the authentic numbering and can be welded without loss of ductility, strength and stiffness.

STANDARD HARDTAIL FRAMES

We supply the standard Harley frames of the eleven different models from 1936 to 1957, Knucklehead and Panhead. You can find them on our website by year of construction.

VG MOTORCYCLE

For more than 30 years VG motorcycle has been producing the highest quality frames for Harley Davidson. VG motorcycle produces Hardtail, Swingarm or Softtail frames for all models from 1936 to 2016.

STANDARD AND CUSTOM FRAMES

Standard frames are easy to order from our website by make. Do you prefer a custom made frame? We can construct frames to suit your every requirement. If you like to keep your old frame, it is also possible for us to restore it for you.

SBS GOES 100% NRS SAFE

There is no room for error in motorcycle braking.

By going 100% NRS Safe SBS is using the absolute best in mechanical attachment enabling its riders to feel confident that they are using the safest performing brakes available.

As the first manufacturer in the motorcycle industry, SBS has succeeded in launching a sinter material for street brake pads using NRS™ technology.

NRS™ adds a consistent matrix of raised steel hooks that facilitate a mechanical bond between disc brake plate and friction materials – a mechanism that never fails.

Fits 1990 - 1997 Big Twin and 1991 to present Sportster and Buell through 2002. Includes 9 friction plates on tempered steel cores, starburst groove pattern for maximum heat dissipation and oil circulation, and 8 tempered steel drive plates. Pre-set stack height for easy installation. 15% more clutch area for high performance strokers. Also included is a 15% stronger than stock diaphragm clutch spring. This kit eliminates the double riveted steel plate.

BTX-14

Fits 1998 Big Twin and Twin Cam models through present. Kit includes 10 friction plates on 6061 T6 aluminum cores, 9 tempered steel drive plates and a 10% stronger than stock diaphragm spring. Pre-measured stack height for easy, accurate installation. 11% more surface area than stock.

Still the Best

The Mikuni HSR is your first step for any performance upgrade

Bolt on a 25% Power and Torque Increase!*

Got an American V-twin that needs more punch? Or a really hot performance modified big inch motor and want to feed it right? Mikuni HSR42, 45, 48mm Series Carburetors offer the single biggest performance gain for the money. In fact, installing an HSR is the first step to support a wide range of performance upgrades on any highly modified engine.

*Mikuni's HSR42 Easy Kit dramatically improves the performance of Harley-Davidson's Twin Cam engine, delivering unmatched throttle response and acceleration. Used with a Screamin' Eagle Air Filter and aftermarket exhaust the HSR42 Easy Kit adds 25% more power to the Harley motor. Horsepower is increased from 57.8 to 72.2 hp, and maximum Torque from 71.4 to 80.7 ft/lbs.

Smoothbore, flatslide roller bearing and accelerator pump technology delivers peak performance from easy starting and idle to wide open throttle. Ready to bolt-on and run right out of the box.

Mikuni American Corp., Northridge CA 91324 USA • www.MikuniPower.com

Carburetor kits not designated as C.A.R.B. exempt, are not legal for motor vehicles operated on public highways in the state of California or in other states and countries where similar anti-pollution laws may apply.

Innovative Control Solutions... AIRFX Air Suspensions

Front and rear air ride valve packages now available.

Purchase just the valve, or the complete AirFX Integrated Control Solution.

New! Q-Pak Valve Manifold

One Q-Pak, 6 Switch Options!
